Subject: Samskip Currency Adjustment Factor

Dear Customer,

Please be informed that as from October 1<sup>st</sup>, 2009 the Samskip Currency Adjustment Factor surcharge to be charged on the total freight rate will increase.

The surcharge for October 2009 is based on the average of the closures of each Friday's rate of exchange in the month September, published in the Financial Times.

The average rate of exchange in September was 1.123, which is a decline of 22.0% compared to the 2007 reference year approximate average of 1.44.

The average rate of exchange in September results in a Currency Adjustment Factor surcharge of 16.4% for the month October 2009, as visualised in detail per below table.

	ROE EURO/GBP	Deviation absolute	Deviation percentage	CAF surcharge
Av. 2007	1.44	-	-	-
September av.	1.123	-0,317	-22,0%	16.4%

The level of the surcharge is reviewed on a monthly basis and is published on the Samskip website<sup>1</sup>. Please refer to the Samskip Currency Adjustment Factor Surcharge Manual for details.

We trust that you understand our position and look forward to handling your business.

Sincerely,

Peder Winther  
Chief Commercial Officer
