

# MULTIMODAL NETWORK

Central and Eastern Europe

**samskip**

> From Rotterdam, the Central and Eastern Europe service offers over 70 weekly departures to various rail terminals in Poland, Czech Republic, Hungary, Slovakia, Slovenia and Serbia.

**Multimodal Network**

Samskip offers pan-European, environmentally responsible combined transport services via shortsea, road, rail and inland waterway routes. We are committed to cost-effectiveness, operational excellence and best practice in sustainable transport.

High frequency services connect destinations across Europe, transported using a wide range of owned vessels, trains, containers, trucks and trailers. In all cases shippers can make real choices based on frequency of service, transit times, freight rates and sustainability.
