

> Samskip Multimodal offers pan-European, environmentally responsible combined transport services via shortsea, road, rail and inland waterway routes. We are committed to cost-effectiveness, operational excellence and best practice in sustainable transport.

#### **Multimodal Network**

High frequency services to more than 40 ports connect destinations across Europe, the Baltic States, Russia and Central Asia, both door-to-door (including collection) and quay-to-quay, transported using a wide range of owned vessels, trains, barges, containers, trucks and trailers. In all cases shippers can make real choices based on frequency of service, transit times, freight rates and sustainability.

## **Door-to-Door Solutions**

Samskip's door-to-door services integrate collection, shipment and delivery into a seamless transport solution.

#### **Terminal-Terminal Solutions**

Samskip's terminal-to-terminal services offer customers the possibility to access Samskip's extensive shipping network using their own equipment.

## **Out-of-the-Box Solutions**

Samskip has a specialized department handling the transport of project, non-standard and out-of-gauge cargoes within its Pan-European network.

#### Sustainable Transport

Samskip is committed to delivering sustainable transport solutions. By efficiently combining the different transport modes, Samskip and its customers successfully take mileage of Europe's busy road network.
