

LATVIA & LITHUANIA SERVICES

Samskip provides Latvian and Lithuanian exporters reliable multimodal transport solutions to their key markets in Great Britain, Ireland and the Benelux area

Multimodal Short-Sea Network

Samskip connects Latvia and Lithuania with Great Britain, Ireland and the Benelux. We focus on reliability through an own fleet of 45ft containers and trucks, providing competitive transit times and a steady supply of capacity.

Key Features

-  Own truck fleet in Latvia for timed collections and deliveries throughout the Baltic States
-  Transportation in 45ft high cube pallet wide container with same capacity as a road trailer
-  Linkage to our extensive short-sea network: The UK, Ireland and Iberia via hub in Rotterdam
-  Sustainable and scalable transport solution for high-volume exporters
-  Local presence with own offices in all countries of service that speak your local language
-  Fixed-day weekly sailing to and from Riga and Klaipeda via the port of Rotterdam
