

CONNECTING THE TWO CONTINENTS

> Samskip Logistics would like to introduce you to our weekly services between South America and Western-Europe.

Solutions

With years of experience in foodstuff logistics and providing warehousing solutions, Samskip Logistics is your partner in transporting, sorting, palletizing and repacking refrigerated food products. With our chilled and reefer fleets coverage all over Brazil, there is literally no place we won't go to!

Expertise

What we can offer you? With our fast door-door services, excellent insurance and claims management and temperature-controlled warehousing and distribution, your cargo is in good hands. At Samskip Logistics we are constantly expanding our knowledge. Our worldwide Samskip Logistics divisions have strong local knowledge, great customer service and provides you with custom solutions for your logistical needs.

Customs & Regulations

Did you know that Samskip Logistics handles as a customs broker in your country helping you with customs clearance? Samskip Logistics will facilitate the shipment and delivery of your goods through various borders. With our knowledge of rules and regulations for cargo passing through international borders, we offer you the service to alleviate the stress of dealing with customs officials.

Curious what we can do for you?
