

Your **Partner** for **Importing** and **Exporting** food products and beverages

samskip
LOGISTICS

Our Expertise

Years of experience in foodstuff logistics and providing warehousing solutions. Samskip Logistics is **your partner in forwarding** (temperature-controlled) food products. Pick-up of your goods can be arranged from **your preferred loading point** and shipped all around the world, including options to **cross-dock**.

Food Products Trade

A full range of international logistics services tailored to the food products and beverages industry. Samskip Logistics takes pride in **delivering quality food products, meats, seafood and beverages** to international markets, making sure that it tastes as fresh as the day it was produced. **Quality and Taste, Delivered.**

Specialized Equipment

Samskip Logistics has access to a **wide range of modern equipment** to suit the specific needs of your cargo; both **ambient and refrigerated 20ft and 40ft containers**. The equipment is available in even the remotest fishing and processing grounds. Offering you an **optimal combination of cost and transport efficiency**.

Certificates

Our business assures a high standard related to Quality Management Systems focussing on consistently meeting customer requirements and enhancing your satisfaction.

Digital Solutions

With our online platforms and one-point-contact available, you can benefit of placing bookings, document management, monitoring your cargo and accessing your invoices - giving you end-to-end visibility. With EDI communication we keep you updated round the clock.

Cold Chain Transport

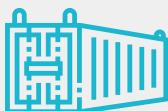

Besides temperature-controlled containers, the transportation of food often demands a cold transport chain. We ensure a cold chain from door to door as we keep your food, whether palletized or a full container load, chilled during shipment and storage.

Customer Service

Our skilled workforce in Europe, Asia, Australia and the Americas offer personal service in your local language. Keeping ahead of market trends and in touch with legislative requirements, we provide a full range of highly reliable but flexible solutions.

DEDICATED RF CONTAINER SERVICES

Reefer Containers for optimal temp. controlled transport

CUSTOMS AND HEALTH INSPECTION

Products exported out of the EU are subject to be checked by the health authorities

PICK-UP AND DROP-OFF SERVICES

From the production plan towards the end destination

CUSTOMS CLEARANCE SERVICES

When importing or exporting from the European Union

SUSTAINABLE APPROACH

By combining modalities we reduce CO2 emissions and leave a positive footprint

INTERSTAT REPORTING

Fiscal representation and easy access to invoices

From Our Director

"One major outcome of exporting by using Samskip's services by using our extensive European network, we serve several ports on regular basis and open the gateway towards The Americas, Australia & Asia in an optimal way. We deliver capacity throughout seasonal peaks while increasing our support for our customers and suppliers."

Martijn Tasma, Director Global Forwarding
