Sweden Rail Product Electricity Floater May 2023 Door - Door

19 April 2023

Dear valued customer,

The Sweden Electricity floater for May 2023 is based on the weighted average of the energy price development, defined in KWH for the trains Samskip operates via Germany, Sweden and Denmark.

For the month of May 2023 the weighted average energy is set at 0,171KWH. The Electricity floater will remain at similar levels to April: 78 EURO per shipment

The Sweden Electricity floater is reviewed monthly and is published on the Samskip website:
<https://www.samskip.com/surcharges/>

The value applied is based on the collection date of shipments.

In case you are invoiced in a different currency than in EUR, the surcharge will be converted based on the average rate of exchange over the above-mentioned period.

We trust that you understand our position and look forward to your continued support.

Sincerely,

Samskip
