

# Czech & Slovakia

## Multimodal Service

### Multimodal transport solutions connecting Czech & Slovakia to various European countries.

- Fast and reliable connections.
- Special focus on Iberia, UK and Ireland.
- Access to Samskip's extended European network.
- Sustainable and eco-friendly solutions.
- Cost-effective alternative for goods produced in Czechia or Slovakia.

Samskip strives for a better world and contributes with sustainable transport solutions. By our unique way of combining modalities, we make sure that CO2 emissions are reduced.

### Extended European Network

Exporters can optimize transactions thanks to lowered transport cost.

### Key Features

- High frequency shipments with competitive transit-time from hinterland locations.
- Flexible supply chains by reliable multimodal services.
