

Door-Door Quay-Quay Finland Service

Samskip offers importers and exporters in the Finland multi-modal transport solutions with a strong service culture to their key markets in Great Britain, Ireland and the Benelux area.

Key Features

- We have a local presence in Helsinki as well as offices in all other countries of our service that always speak the local language.
- Access to our extensive short-sea network via our hub in Rotterdam – onward & reliable connections to the UK, Ireland, Norway and Iberia.
- Sustainable and scalable transport solution for high-volume importers and exporters.
- Extensive rail connections via Rotterdam– up to 17 weekly departures to/from Italy.
- Fixed-day weekly sailing from Rotterdam to Helsinki with short transit times.

What's New?

- Samskip provides UK importers and exporters with in-house customs clearance solutions to ensure a smooth supply chain.
- Samskip is specialized to offer customized and fully in-house services from Finland to Iceland and vice versa.
- Forwarding services (deep sea and project cargo) as well as supplementary customs clearance services in Finland.
