

Flatrack Service:

Anything but standard sized cargo

Project cargo and out-of-gauge transport
Including machines and oversized items no problem!

+

Leverage our pan-European multimodal network for competitive and efficient transport solutions, even for oversized cargo.

Customised transport solutions
with a dedicated customer service team. Providing full support with customs documentation and paperwork.

Secure cargo handling
with measures like tie-downs and weather protection.

Flexible loading and unloading
Including direct delivery to construction sites.

Specialized equipment
and trained personnel ensure your goods are safely handled.

Sustainable Practices
Our commitment to sustainability is evident in our use of environmentally responsible materials and processes across our Flatrack fleet.

At Samskip, our flatrack service is the ideal solution for transporting goods of all sizes and shapes. From timber to bricks, heavy stones, and iron pipes, whatever you need moved, we've got it covered!
