# Sweden Rail Product Fuel Floater October 2024

23 September 2024

Dear valued customer,

The Sweden fuel adjustment floater for October 2024 is based on the weighted average of the fuel price development in Sweden, Germany and the Netherlands and is calculated over the period of week 34 of 2024 till week 37 of 2024 and set against the base period of the last 2 weeks of December 2021 and the first 2 weeks of January 2022.

**Over this period the weighted average fuel price was EUR 1,462 versus a base fuel price of EUR 1,50. Samskip assumes a 20% share is applicable for Intermodal transports, resulting in a value for the month of October 2024: -0,50%**

The Sweden fuel adjustment floater is reviewed monthly and is published on the Samskip website:  
<https://www.samskip.com/surcharges/>

The floater % applied is based on the collection date of shipments.

In case you are invoiced in a different currency than in EUR, the surcharge will be converted based on the average rate of exchange over the above-mentioned period.  
Sincerely,

Samskip
