CUSTOMER ANNOUNCEMENT

Samskip Emissions Legislation surcharge

18 August 2025

Dear valued customer,

As part of Samskip's commitment to transparency and sustainability, we would like to inform you of upcoming changes to our surcharge structure due to evolving environmental regulations.

Starting January 1, 2025, the new **FuelEU Maritime regulation** will be implemented alongside the **ongoing EU Emissions Trading System (EU ETS)**. These European Commission initiatives are designed to reduce greenhouse gas emissions and promote the use of sustainable fuels by the maritime industry. Samskip must also adjust to these additional compliance-based costs.

To simplify invoicing, we will integrate the FuelEU Maritime charges into our existing EU ETS surcharge model. This consolidated approach ensures a single view of compliance-related costs, which we believe will make it easier for you to manage.

Effective Date: February 1, 2025

The latest monthly average was **EUR 71.21** representing a slight decrease from the August level of EUR 72. Given the current trend, the ETS level will be reduced compared to last month. You can track the prices following this link: [EUA Futures Pricing \(ice.com\)](https://www.eur-lex.europa.eu/legal-content/en/txt/summary/?uri=CELEX:32024R0593&id=32024R0593-0001-20240801)

The EU ETS charges for **Quay-to-Quay customer** can be found below.

In case you are invoiced in a different currency than EUR, the surcharge will be converted based on the average rate of exchange over the above-mentioned period.

The EU ETS charge is reviewed monthly and is published on the Samskip website:
<https://www.samskip.com/surcharges/>

We trust that you understand our position and look forward to your continued support.

Sincerely,

Samskip

Quay Quay Emissions Legislation (Emission Trading System)

For September 2025 collections the following Emissions legislation tax levels per trade and bound are applicable.
