

Moroccan Service

A dedicated container service with direct connections between Morocco, the UK and the continent, tailor made for fruits and vegetables.

With the fastest transit time in the market, seamless customs clearance, and reliable inland transport, we offer the Moroccan market a true door-to-door shortsea container service.

Key Features

- A dedicated service for Moroccan perishables,
- Weekly no-stop sailings, straight to the key markets of the UK and NL,
- The only container service fast enough to carry tomatoes,
- An easy conversion into 45ft reefers, with the same carrying capacity as your regular trailer trucks,
- Provides 80% CO2 savings compared to truck alternatives.
- Cargo insurance: Customers may choose for extra protection for shipments against loss and damage.
