

Seamless Customs Clearance

Morocco – UK – NL Service

Fresh Food, Fast Delivery – No Room for Delays

Your cargo deserves speed, care, and precision

With the launch of our dedicated Morocco reefer service, Samskip is ready to keep your perishable goods moving without delay. Post-Brexit rules have added complexity to UK–EU trade, but with our expert customs clearance team, you can count on smooth, compliant, and fast declarations every time.

We combine local expertise with digital workflows to **cut delays, reduce risk**, and keep your cargo fresh from Moroccan farms to UK and EU plates.

Key Features & Benefits

- **Specialized in Fresh Food Logistics**, Experts in perishable cargo quality across the cold chain.
- **End-to-End Customs Services**, Import, export, and transit (T1) declarations handled for Morocco, the UK, and the Netherlands.
- **Fewer Handovers**, One partner for freight and customs means less risk and more efficiency.
- **GPS-Tracked Reefer Containers**, Better control and visibility from loading to delivery.
- **Compliance Without Stress**, Up-to-date local knowledge for accurate declarations.
- **Time & Cost Savings**, Avoid delays, demurrage, and unnecessary manual processing.
- **Transparent Rates**, No hidden charges.

Tips for Smooth Shipments

- **Sign your Power of Attorney (POA)** – This is the first step to allow Samskip to handle your customs on your behalf.
- **Complete our onboarding form** – Provide key details such as VAT setup, goods type, clearance preferences, and invoicing requirements.
- **Plan Ahead** – We start preparing your declaration as soon as your container leaves Morocco, ensuring faster clearance on arrival.
- **Be Inspection-Ready** – For certain products (veterinary or restricted goods), we coordinate inspections so you don't have to.
- **Stay Informed** – Your Samskip representative will keep you updated at every step.
