Let's create your first shipment!

Your journey starts at your mySamskip dashboard. This is your personal control center, showing you your recent orders and their status, tasks due soon that will need your attention, and other relevant topics like offers that will soon expire and your sustainable impact.

Creating an Order

To create an order, go to "Orders" in the top menu. Simply click "New order", and select the offer that applies.

1

Orders can easily be recreated by using the "duplicate" function. You can duplicate up to 30 orders at once.

Essentials

Commercial invoices,
HS Codes, Packing list,
CMR, DGN, VGM, MRN,
Waste Annex VII

2

Document Management

In order to manifest your goods correctly into the port community systems, it's essential that you submit the required registrations and documents to mySamskip as soon as your goods are loaded.

Track & Trace

Never lose sight of your cargo with real-time tracking statuses and updates at every step of its journey.
