Sweden Rail Product Electricity Floater January 2026 Door - Door

22 December 2025

Dear valued customer,

The Sweden Electricity floater for January 2026 is based on the weighted average of the energy price development, defined in KWH for the trains Samskip operates via Germany, Sweden and Denmark.

For the month of January 2026 the weighted average energy is set at 0,145 KWH. The Electricity floater has decreased since December: 65 EURO per shipment

The Sweden Electricity floater is reviewed monthly and is published on the Samskip website:
<https://www.samskip.com/surcharges/>

The value applied is based on the collection date of shipments.

In case you are invoiced in a different currency than in EUR, the surcharge will be converted based on the average rate of exchange over the above-mentioned period.

We trust that you understand our position and look forward to your continued support.

Sincerely,

Samskip
